

Can you make a difference?

Hugh Baird College is the best Further Education College in Merseyside*, with over 7,000 students and a turnover of just under £20m.

We are committed to improving life, job and business prospects through our excellent education, training and support. We are proud of our reputation and our students, who study at a range of levels from life skills to full honours degree.

We know that we make a real difference to the lives of our students. The College intake in 2009/10 was the 6th most deprived in the country, yet we are in the top 5% of colleges for developing students. We want to recruit Governors who share our drive and vision.**

As a College Governor, your experience, ideas and enthusiasm will bring a different perspective. Our students are from a wide range of backgrounds and we are keen to involve people who can reflect their cultures and ambitions.

You don't need to have an education background; we're looking for people who can think strategically and are committed to excellence. You may have experience in business, charity management or the legal or property professions, but above all, you'll have energy and a desire to make a difference to the lives and futures of our students.

Hugh Baird College is committed to equal opportunities and we encourage applications from women, people with disabilities and members of the black and ethnic minority communities, who are currently under represented amongst our Governors.
