

Our customers' views...

"...Hugh Baird College has been invaluable in helping Liverpool Philharmonic Hall with its training needs in Catering. We have recently launched a new catering business and I cannot praise the Workforce Development

**Liverpool
Philharmonic**

Staff at the college enough for the help and guidance they have provided in identifying the most appropriate training to meet our needs and maximising available funding. As a result of this we can roll out a bigger training programme than we anticipated and remain within our available budget"
